Telecommunications Academy

UKTA Welcome CTTS to the ranks of their membership

The United Kingdom Telecommunications Academy (UKTA) welcomes Cable Telecommunications Training Services (CTTS) to the Board of Directors as an Associate member. Each year the UKTA offer a number of courses which together form a significant portfolio of training for telecommunications managers, professionals and technical operatives. The courses take place at in-house training facilities of the relevant providing companies and academic institutions at various locations throughout the UK. CTTS who joined the UKTA in November 2009 have a comprehensive portfolio of short training programmes to satisfy the needs of those wishing to explore the opportunities of Broadband and WiMax and, have made these courses available to UKTA delegates. CTTS is a specialist training provider and consultancy with a 17 year history in the field of telecommunications, communications cabling networks systems and IP convergence technologies. The company is based in Lincoln and operates out of its state of the art National Training Centre. UKTA welcome CTTS to their ranks and look forward to working closely with them in the future. A selection of programmes is available on the UKTA website at <http://www.ukta.co.uk/Schedule.htm> with more to be added in due course.
